

Sustainability IMPACT REPORT

It's undeniable—your donation has made remarkable, positive impacts on our world, and for that you should be proud.

We encourage you to share this sheet with your management, colleagues, leadership, and shareholders to showcase how your company took a leading role in crafting a more sustainable, equitable world.

Weighing in at
1,763 pounds,

diverting the electronic waste in your donation from landfills made an environmental impact* equivalent to:

0.24 cars

taken off the road for a year

**3
barrels
of oil**
saved

**51 lbs
of toxic
metals**
diverted

**18 trees
planted**

EnerSys

Made This Impact

September 22, 2022

Instead of polluting our Earth, your donation will empower us to provide a combination of:

18 devices

with one year of tech support for people in-need

**73
internet
connections**

at high-speed and low- or no-cost

**27
digital
literacy
learners**

with the knowledge to unlock their full potential
